 Price: Please call us

**SOLD TO RUSSIA
 BRIGHTY BEAM'S**

Brighty Beam is a breathtaking uphill built type of horse. Very elegant and very impressive and a real eyecatcher.

This gelding possesses an attractive front end and moves with a great deal of self-carriage.

He was one of the nice KWPN stallions in Den Bosch who left in the 2nd round.

It is a fantastic dressage horse with 3 very good gaits.

This horse is a dream!

Easy on the mouth and good on the leg.

We started to ride him in the competitions and already got high scores.
